Matthew BELLOSI

Mental Fumigation

I can’t remember exactly when I first saw Matts work. It was probably 2013, and it was probably shown to me by Jesse Sanes whose band at the time, Hoax, had some flyers done by Matt.
I’d been somewhat active in the punk/hardcore underground since I was a kid, and had been digesting the graphic end of that world as far back as my memories took me. I know that once I started seeing Matts work I started seeing it all the time. He seemed to have a hand in every show flyer and many record demo graphics for the best of the current bands / shows / labels.
What stood out to me immediately was whatever he did was new. I don’t know how he managed to make a skull / grim reaper / nuke cloud new, but he did. He had a totally new vision and technique. His work stood on its own, apart from all the rehashed Discharge / Crass / Pettibon / whatever else was being mined from the late 70’s and early 80’s, Matt had somehow made something fresh out of it.

Because we are living in a time where “creatives” basically troll the internet / instagram / tumblr and just steal graphics and styles and call them their own, Bellosi’s work was imitated and copied almost immediately. I began seeing his style everywhere. Nowhere near as good, clear rip offs, but recognizable. “Look at that fake Bellosi” I would think. “Oh look, Obey did fake Bellosi’s for their shirts”.
His DMs were blowing up with absurd requests. “Do my logo for $50.00 fam”, “I fuck with you, let’s build.” etc. The intense proliferation of copies and lesser minds trying to get a piece of the Matt Bellosi pie was probably a little much for him for a while.

Time will do its work of course. The cream rises. None of the false Bellosis were any good, and most of those people are on to the next theft. Matt’s job, to me, is to ignore the outside noise and to keep doing his thing. This book is a wonderful introduction to his work. Let it serve as a document of the most unusual thing, an originator.

EXECUTIONEER - MAGGOT MASHER CS

THIS THING IS A FEW YEARS OLD AT THIS POINT, BUT I COULDN'T FIND A COPY OF THE NEWEST DEMO. THIS THING RIPS! TOTAL VENOM STYLE CLASSIC METAL WORSHIP. I LOVE THE VOCALS ON THIS THING... SOME STRAIGHT UP GROWLS AND SCREECHES. YOU KNOW THIS GUY TOOK SOME SORT OF VOCAL LESSONS. THE BASS SOUND ON THIS IS VERY HEAVY. PROBABLY MY FAVORITE BASS TONE ON ANYTHING EVER. I HIGHLY SUGGEST CHECKING THIS ONE OUT. IF THE NEW ONE IS HALF AS GOOD AS THIS TAPE. I'M FUCKING SOLD!!!!!

DEMONAC - KILLER INSTINCT CS

BONE CHILLING METAL

HWV - Who are you and who is Hexeron?

HEX - My name is Hector Vernaz and I am Hexeron. It is only me.

HWV - How does that work? Why just you?

HEX - Let's just say I don't mesh well with other people. I'm a drummer and I also play guitar. I want to call the shots. I was in a couple bands before this, but this seemed like it made the most sense to me.

HWV - Oh, right on. What are your lyrics about?

HEX - You know, real spooky shit Goblins, demons, zombies, entrails, guts, gore, puke. You name it, I am a fiend for that type of trash.

HWV - What makes your metal so bone chilling as you describe it?

HEX - Have you even listened to the new demo, bro? These riffs make your bones feel like glass, bro. You gotta admit.

HWV - No, I haven't heard the new demo. I have the last one you did.

HEX - Oh, that one sucks shit through a straw, my man. You gotta hear this new one. I spent like 5 months on the one riff.

HWV - Five months?

HEX - Yeah, wait, did I say 5 months? I meant 5 minutes. I'm the best at writing riffs, they come naturally to me. The drums too. I'm the fucking king.

HWV - You're gonna have to send one my way next time we link up.

HEX - Yeah, will do. Got any more questions?

HWV - Yeah, what is your favorite candy?

HEX - Bolos. I love those things.

A band who laughs in the face of Death!!!

NUCOSAR

HWV - So, tell me a little bit how the band got started?

NR - Well, to be honest, it was all Dave. That kid was always getting fucked up and ripping hard on guitar. He came to me one day and was like, yo, do you wanna start a nasty ass death metal band? I got some buddies and we recorded our first demo.

HWV - Where did the band name come from?

NR - I don't know, man. I was like, looking at some Vietnam war flicks. You know they bombed those fucking little kids to shit? I didn't know that then, they had all of these pictures of limp bodies from a nuclear attack. Fucked up, don't it? But I was like, this shit looks like a giant sore. Nuclear sore. Nucosar. Had to make the spelling more metal!

HWV - Haha, that is wicked cool, my man. How is your scene?

NR - FUCKING DUMB. Nobody wants to play with us. We blow (beer) away! Haha, not really. But we are really violent live. We fight shit on fire. You ever see Jimmy Hendrix play that guitar on fire? So fucking sick, man. We light our gear on fire. Who cares if it gets burnt, it makes our fans hear us. We want to be heard, not loved! Love is for sissies and flower picking hussies!

HWV - I heard about your bass player recently.....

NR - Oh yeah, dude. Nils was a great fucking guy. Want to hear the whole story?

HWV - Yeah, if you would care to tell.

NR - Dude, Nils fucking met his maker. From what Victor told me, he was on his cycle and blasted through a red sign. What a fuckin' idiot. But yeah, he got hit by a Pepsi truck.

NWV - Wow man, sorry for your loss.

NR - Yeah man, that thing killed him on impact. The worst thing about it was, Nils fucking HATED Pepsi. That dude loved Coke so goddamn much. He had a can of Coke at every practice. I bet he was so bummed it was a Pepsi truck. It be even gonna the damn thing...

NWV - How was the funeral?

NR - So sad, dude. I knew Nils since the 3rd grade. We got into metal together. We also loved weird shit, too. Our first show together was Skinny Puppy. They buried him **in a Skinny Puppy shirt, that was his shit.** It was closed casket, though, his head popped off upon impact.

NWR - So harsh. What is the future for Nucosar?

NR - We are broken up. Our friend died. We miss Nils, man! We got a new demo coming out, though. It was the last thing we recorded with him. It's got a picture of his mangled body on the cover. It sounds fucked up, but he would have wanted us to use it! Rest in peace. See you in hell you sick fuck!

INTERVIEW BY: PSYCHO LUKE

PSYCHO KILLER DEATH SQUAD

HELLISH WORLD VIEW DOES NOT SUPPORT OR CONDONE THE ACTIONS DISCUSSED IN THE FOLLOWING INTERVIEW WITH THE INFAMOUS PSYCHO KILLER DEATH SQUAD! BE WARNED!

HWV - First thing's first... who are you and what is this "gang" all about? I thought gangs were just for people who listened to rap music...

PKDS - My name is James Alvarez AKA The Mincer or Mince for short and I am the leader of the Psycho Killer Death Squad. Yeah, we are a gang, but don't listen to rap music, well, not anymore...

HWV - Huh?

PKDS - Well, I used to be really into hip hop, believe it or not. I was into the whole breakdancing thing, I was what you would call a B-boy for sure. Flat top and all... But yeah, gangs aren't music related. They are crime related. We just commit crimes.

HWV - What kind of crimes? Why did you start the gang even?

PKDS - Well, I got out of the whole hip hop game as I was becoming more immersed with the seedy underground culture of it. I was getting way into shoplifting/pickpocketing, etc. I felt I was turning evil. I robbed my first old lady at knifepoint... I felt like I needed to be listening to more evil music if I was doing evil acts. So, naturally, I got into metal. I knew I could find more fucked up freaks like me in metal than in hip hop.

HWV - So, what you are telling me is that the gang is more crime based than music based?

PKDS - Yeah, I just wanted to do be an overall more evil person, and I felt like metal was the most evil thing I could think. I'm attracted to all of the imagery - the blood, the guts, the gore. It is amazing.

HWV - So you are using metal as a "scapegoat" for your evil crimes?

PKDS - No, not at all, man! I fucking love metal. Especially death metal. That shit rips so hard! I was always interested in metal growing up... I just grew up in NYC and my older brother was into hip hop, so I felt the need to just follow in his footsteps for some reason. But the true evil metalhead in me was yearning for an escape the whole time. I found my escape with crime until my brother went off to college.

HWV - Wow, that is weird, man. Why did you have to hide being into metal from your brother?

PKDS - He was jumped by a group of metalheads back in '86 and they put him in a coma for 22 ys. He always talked badly of metal, so I didn't want to disappoint him. He's my brother, he is my only family.

ARE YOU A PSYCHO? DO YOU LIKE THE TASTE OF BLOOD? DO YOU JOKE AROUND ABOUT STABBING YOUR COUSIN BUT ACTUALLY MEAN IT? DO YOU LIKE METAL? WRITE US:

PSYCHO KILLER DEATH SQUAD
P.O. BOX 222
FLUSHING, NY 11355

HWV - So, when did you start the gang?

PKDS - About a year after my brother moved to Brazil. I felt like he wouldn't know what I would be up to... out of sight out of mind or so they say. I started going to local shows and quickly became friends with the outcasts. The drunks, the fuck-ups, etc. you name it. I knew I could recruit them.

HWV - What does the gang do that normal gangs don't do?

PKDS - We do mostly robberies, stick ups, theft, we stole a couple cars. But, we are into way more heinous crimes. We like to rob graves.

HWV - Rob graves? What the hell does that mean?

PKDS - Steal bodies.

HWV - What would you do such a thing?

PKDS - Because it is the most purely evil thing I can think of doing on this Earth.

HWV - Wow, so when did you start doing this?

PKDS - Well, I first got into it when I was 11. The first grave I robbed took me almost a month of digging. I found a secluded grave in a giant graveyard, I covered it with leaves each time I left. When I opened it, I was surprised to see that the skeleton still had hair! What the fuck! I was so amused. I took the body back to my house in my school bag and boiled the bones. I made a cool necklace, a trinket of my first evil deed, perhaps.

HWV - Why keep robbing graves if you've already done it once?

PKDS - I love the natural high. I love the jewlery we find. I love getting so bombed out with my buddies and digging up a fresh corpse and peeling off the flesh, it just falls off the bone, man. So exciting. There is nothing better than ripping off flesh and listening to your favorite death metal record, I tell you what. You haven't lived until you've fucked with the dead.

THE MINCER'S FIRST GRAVE

HWV - How many members are in the Psycho Killer Death Squad?

PKDS - Probably about around 100 at this point. It only takes us about 20 minutes to dig up a grave if a bunch of us are hanging out at once, getting fucked up in the cemetary.

HWV - Any other plans for the gang? Do you guys just dig up graves?

PKDS - No, I've got plans, I've got plans I'll tell you what. We want to commit a cold blooded murder. That would be truly evil. I want to slice a throat, I want to mutilate the body in a final. I want to bash someone's head in with my best buddies! I want to smoke a big fucking joint of reefer and go out and shoot a cop in the head. The possibilities are endless.

HWV - Don't you ever fear of getting caught by the cops?

PKDS - Yes and no. I don't have anyone. My brother died in the jungle. He was the only person there for me. Who cares if I rot away in jail as long as I have a cassette player and some Obituary tapes!
